Education & Community Engagement Frequently Asked Questions

How will my child spend time with peers?

Residents have opportunities to interact with peers throughout the school day, during meals and group activities, and through community and weekend activities.

What opportunities will my child have to participate in the community?

Residents may participate in community activities, field trips, and prevocational experiences when appropriate. Activities are based on individual interests, goals, and safety needs and provide opportunities to practice and generalize skills in real-world settings.
